

# National DEIJ Offshore Wind & Clean Energy Events 2023 Sponsorship Opportunities

Karp Strategies, MRV Group, and the Ampersand Group proudly present two series of national offshore wind and clean energy events in 2023:

## Small & Diverse Business Networking Receptions

These networking receptions offer an informal, creative, and dedicated space for small and diverse businesses, clean energy leaders, and community members to convene, connect, and collaborate.

## DEIJ State Days

These single-day summits feature a luncheon, speaker panel, and an activity that gives back to the local community. The State Days provide an opportunity to learn about the clean energy and offshore wind industry in that locality, while engaging with supply chain businesses.

As partners and industry leaders, don't miss this exciting opportunity to show your commitment to elevating and supporting small and diverse enterprises and local communities. Build connections with community stakeholders, industry leaders, and potential suppliers.
